MEGGLE USA Inc. appoints Lewis Jackson as new CEO

MEGGLE USA Inc. a global leader in pharmaceutical excipients, announced the appointment of Lewis Jackson as its new Chief Executive Officer. The experienced business leader will succeed Ruth Leinenbach and assume her responsibilities as of 12th June, 2023. The former management structure has led to a very successful and positive development of this affiliate over the last years. As Director Business Unit Excipients, Ruth Leinenbach will continue to work closely with MEGGLE USA and Mr. Lewis Jackson.

Mr. Jackson has many years of global business leadership experience in the pharmaceutical industry, having lived and held executive positions in the United States.

“We are delighted to welcome Lewis Jackson, an insightful and decisive leader with a long track record of success, to MEGGLE USA. Mr. Jackson will bring a wealth of international pharmaceutical industry experience and a broad range of industry relationships. We are confident that Mr. Jackson is very well positioned to further grow the Excipient business for MEGGLE”, commented MEGGLE Business Unit Excipients Director, Ruth Leinenbach.

Mr. Jackson reports to the Managing Director of MEGGLE Ingredients, Marcus Hormuth.

About MEGGLE

MEGGLE Group GmbH, with its headquarters in the Bavarian city of Wasserburg (Germany), operates as a foundation for various business activities in the dairy industry and whey processing. MEGGLE has a proud history of more than 135 years in the dairy market and has reached a turnover of 1.5 bn EUR last year.

The Business Unit Excipients produces pharmaceutical excipients for direct compression, granulation, capsules, sachets, powder blends and dry powder inhalers. With its broad product portfolio, intelligent innovations, and exceptional product quality, MEGGLE plays a leading role in the global pharmaceutical excipients business. With production facilities in Wasserburg (Germany) and Le Sueur, Minnesota (USA), where the requirements of the North American market are served, MEGGLE is prepared to meet customer expectations worldwide.
